

7th January 2020

To: Presidents of National Archery Federations of the Americas
Presidents of Archery Clubs

World Archery Americas and the Virgin Islands Archery Association are pleased to invite the beginners and developmental archers of the Americas to compete at the **Xavier Dag Samuels (XDS) Cup/IV Caribbean Beginners and Developmental Championships** to be held in The Virgin Islands (UK) from 7th of May to the 11th, 2020.

Though the name of the event is Caribbean Championships, participation is not restricted to archers from this region; competitors from the whole of the Americas are welcome to participate.

In 2020 this event will be open not just to registrations made by National Federations, but also to archery clubs from all over the Americas.

Along with this invitation, you will receive a document in which the competition format is explained. In the First and Second issues of this event, there was only one category, in which real beginners could enter. In 2019, we added a second category, called DEVELOPMENTAL. Athletes will shoot at 50 meters (recurve at 122 cm faces, compound at 80 cm faces 5-10 scoring zones). This new category does not include special limitations regarding equipment, as you can read in the competition format attached. Archers in this category may not have represented their countries at any World Ranking Events before.

Registration deadlines:

It is very important that the deadlines for registration are met:

Preliminary registration (number of participants per category): 7th February, 2019

Final registration (names of participants in each category): 7th April, 2019

For registrations, please use the enclosed registration forms.

Accommodation:

To be able to provide a higher number of lodgings we have selected 3 hotels for the IV Caribbean Developmental Championships. Treasure Isle Hotel is located 600 meters from the A.O Shirley Grounds and includes Breakfast and Lunch. All hotels are listed based on proximity to the venue. Prices and locations are listed below. **All reservations will be made with the hotels directly using the Code: CDC 2020.**

Accommodation

***NOTE: Lodging is limited in the BVI and we highly suggest that hotel reservations are completed as early as possible.**
